

## Reshan and Kaya to compete at Robert Rock Junior Masters

Sri Lanka's top junior golfers, Reshan Algama and Kaya Daluwatte are set to compete in the Robert Rock Junior Masters from April 1 to 3, at the Al Hamra Golf Club in the United Arab Emirates.

This tournament is one of the biggest events in junior golf, bringing together the best young talent from around the world. Algama, one of Sri Lanka's highest-ranked junior male golfers, and Daluwatte, the country's only world-ranked female golfer, earned their invitations based on their outstanding performances and international rankings. Their selection is a huge milestone for Sri Lankan golf, proving that the country's young players are ready to compete at the highest level.

The Al Hamra Golf Club is a world-class course stretching 7,325 yards, designed by Peter Harradine. It is known for its challenging layout, mixing desert landscapes with open water lagoons. The course has hosted major tournaments, including the DP World Tour's Ras Al Khaimah Championship, making it the perfect stage for the future stars of golf.

Both players are determined to give their best. "I'm excited and honoured to compete in such a big tournament," said Algama. "This is a huge opportunity to test my game against the best junior golfers in the world."

Daluwatte is also looking forward to the challenge. "It's a dream to play in this event. The course will be tough, but I am ready to give my best. I hope this inspires more Sri Lankan girls to take up golf."

Their participation is a big boost for Sri Lankan golf and a result of Golf Sri Lanka's junior development program. The hard work put into growing the sport is now producing top-level players who can compete internationally.
